The Wisconsin Sentencing Commission and its statutory provisions under §973.30 were eliminated in the State's 2007-09 Biennium Budget. Neither the Commission nor any other agency will continue to collect and analyze sentencing guidelines worksheets. Sentencing courts are still required to consider the guidelines under §973.017 (2)(a), yet will not need to complete or submit guidelines worksheets.

The website and its contents will remain in their current location until April 30, 2008, at which point the site will be archived and its relevant content moved elsewhere on the web. A notification will be posted on this site to redirect visitors to the new location of these publications.

If you need to speak to someone regarding the Sentencing Commission, please contact Kristi Waits at the Office of Justice Assistance at (608) 261-7525 or kristi.waits@wisconsin.gov.
